

# Cosmic Rays and Neutrinos in the Multi-Messenger Era

## lundi 9 décembre 2024

**GME - APC Laboratory (13:30 - 15:30)**

time	[id] title	presenter
13:30	[8] The Galactic magnetic fields: Progress in last 30 years	HAN, JinLin
14:00	[9] The Galactic Magnetic Field and UHECR Deflections	UNGER, Michael
14:30	[10] The coherent magnetic field of the Milky Way: new ideas and UHECR deflections	KOROCHKIN, Alexander
15:00	[11] Does the Local Bubble bias Galactic magnetic field models used to backtrack UHECRs?	PELGRIMS, Vincent
