

Contribution ID: 82

Type: ORAL

Feasibility study on the search for an exotic decay of the Higgs boson into two light pseudoscalars in e⁺e⁻ collider

Primary authors: NEE, CHENG-HSU (UW-Madison); DASU, Sridhara (University of Wisconsin); MOHAMMADI, abdollah (IPM and Shiraz University)

Presenter: NEE, CHENG-HSU (UW-Madison)

Session Classification: Parallel - WG1-SRCH

Track Classification: WG1: WG1-SRCH - Physics Potential: Feebly interacting particles, direct low mass searches
