

# How to reach the venue

## GDR QCD, InF and Gluodynamics workshop: spectroscopy in decays & in femtoscopic correlations

Dates: 16-17 December 2024

Indico: <https://indico.in2p3.fr/event/33105/>

Organisers:

- Elisabeth Niel [elisabeth.maria.niel@cern.ch](mailto:elisabeth.maria.niel@cern.ch)
- Michael Winn [michael.winn@cern.ch](mailto:michael.winn@cern.ch)

IJCLab is situated on the Orsay campus of the Université Paris-Sud, approximately 25 km south-west of Paris. The campus is accessible from Paris via the RER B. Get off the RER B at the Orsay-Ville station which is approximately 35 minutes from the Châtelet-Les Halles station in the center of Paris.

From:

- **Paris** : Take the RER B in the direction of Saint-Rémy-lès-Chevreuse getting off at the Orsay-Ville station.
- **Roissy (Charles de Gaulle) airport** : Take the RER B in the direction Saint-Rémy-lès-Chevreuse. Get off the RER B at the Orsay-Ville station.
- **Orly airport** : Take the Orlyval train to the Antony station (terminus), then the RER B in the direction of Saint-Rémy-lès-Chevreuse getting off at the Orsay-Ville station.
- **Massy TGV train station** : Take the RER B in the direction of Saint-Rémy-lès-Chevreuse getting off at the Orsay-Ville station.
- **Paris by car** : Take the Autoroute A6/A10 from the Porte d'Orléans or the Route Nationale N118 from the Sèvres bridge.

Consult the map below to reach the laboratory.

When you arrive at the Orsay-Ville station take the walkway under the tracks and then follow the directions on the map. The way from the station is only partially indicated. The workshop will be in building 100 (Bât. 100).
