Subatomic Heroes

Friday 11 July 2025 09:50 (20 minutes)

Sharing the amazing achievements of the particle physics world with the general public is at the heart of the Subatomic Heroes. Our activities range from merging art with a public physics lecture to marvelous performances at the local theater, over dedicated events for high-school students, to our Subatomic Heroes channel on instagram where you may also find out when and where our famous “hadronic ice-cream” will be served next! So let’s follow us [instagram.com/subatomic_heroes/](https://www.instagram.com/subatomic_heroes/)
