

# EPS Emmy Noether Distinction

for women in physics

*The Emmy Noether Distinction for Women in Physics was established in February 2013 to enhance the recognition of noteworthy women physicists with a strong connection to Europe*

# EPS Emmy Noether Distinction

for women in physics

## Daniela Bortoletto

*“for revolutionising silicon detector technology that enabled the discoveries of the top quark and Higgs boson, and pioneering key experimental methods now central to high-energy particle physics, as well as for her important engagement for female undergraduate students.”*
