

Session Program

6–11 Jul 2025

EPS-HEP 2025

Plenary

PALAIS DU PHARO, Marseille, France

Monday 7 July

12:00

Plenary

Session | Location: Palais du Pharo, Main Auditorium

12:00–12:30 Recent results in Higgs physics

Speaker

Emanuele Di Marco

Location

Palais du Pharo, Main Auditorium

12:30

16:30

Plenary

Session | Location: Palais du Pharo, Main Auditorium

16:30–17:00 Highlights from flavor physics and rare decays

Speaker

Timothy Gershon

Location

Palais du Pharo, Main Auditorium

17:00

Tuesday 8 July

11:00

Plenary

Session | Location:

11:00–11:30 Highlights ATLAS

Speaker

Fabio Cerutti

Location

Palais du Pharo, Main Auditorium

11:30–12:00 Highlights CMS

Speaker

Roberto Salerno

Location

Palais du Pharo, Main Auditorium

12:00–12:30 Standard Model/SMEFT, and Higgs Theory

Speaker

Ramona Groeber

Location

Palais du Pharo, Main Auditorium

12:30

14:00

Plenary

Session | Location: Palais du Pharo, Main Auditorium

14:00–14:30 BSM Theory

Speaker

Riccardo Rattazzi

Location

Palais du Pharo, Main Auditorium

14:30–15:00 Quantum field and string theory

Speaker

Sascha Zhiboedov

Location

Palais du Pharo, Main Auditorium

15:00–15:30 Highlights from Muon g-2

Speaker

Saskia Charity

Location

Palais du Pharo, Main Auditorium

15:30–16:00 Highlights from KM3NeT

Speaker

Annarita Margiotta

Location

Palais du Pharo, Main Auditorium

16:00

Wednesday 9 July

11:00

Plenary

Session | Location: Palais du Pharo, Main Auditorium

11:00–11:30 Dark Matter theory

Speaker

Laura Lopez Honorez

Location

Palais du Pharo, Main Auditorium

11:30–12:00 Cosmology

Speaker

Camille Bonvin

Location

Palais du Pharo, Main Auditorium

12:00–12:30 Dark Matter and Axion searches

Speaker

Clara Murgui Galvez

Location

Palais du Pharo, Main Auditorium

12:30

13:30

Plenary

Session | Location: Palais du Pharo, Main Auditorium

13:30–14:00 Recent results in Standard Model Physics

Speaker

Josh Bendavid

Location

Palais du Pharo, Main Auditorium

14:00–14:30 Highlights LHCb

Speaker

Vladimir GLIGOROV

Location

Palais du Pharo, Main Auditorium

14:30–15:00 Quarks and Leptons flavour theory

Speaker

Sophie Renner

Location

Palais du Pharo, Main Auditorium

15:00–15:30 Highlights Belle and Belle II

Speaker

Karim Trabelsi

Location

Palais du Pharo, Main Auditorium

15:30

Thursday 10 July

11:00

Plenary

Session | Location: Palais du Pharo, Main Auditorium

11:00–11:30 Experimental Neutrino Physics

Speaker

Kate Scholberg

Location

Palais du Pharo, Main Auditorium

11:30–12:00 Neutrino Theory

Speaker

Enrique Fernandez-Martinez

Location

Palais du Pharo, Main Auditorium

12:00–12:30 Sustainability in HEP

Speaker

Maxim Titov

Location

Palais du Pharo, Main Auditorium

12:30

14:00

Plenary

Session | Location: Palais du Pharo, Main Auditorium

14:00–14:30 LHC status

Speaker

Helga Timko

Location

Palais du Pharo, Main Auditorium

14:30–15:00 Accelerator R&D

Speaker

Mike Seidel

Location

Palais du Pharo, Main Auditorium

15:00–15:30 Detector R&D and computing

Speaker

Chris Parkes

Location

Palais du Pharo, Main Auditorium

15:30

Friday 11 July

11:00

Plenary

Session | Location: Palais du Pharo, Main Auditorium

11:00–11:30 Outreach, Education and EDI

Speaker

Kate Shaw

Location

Palais du Pharo, Main Auditorium

11:30–12:00 QCD, Jets & Monte Carlo tools

Speaker

Gregory Soyez

Location

Palais du Pharo, Main Auditorium

12:00–12:30 Calculational techniques in particle theory

Speaker

Yael Shadmi

Location

Palais du Pharo, Main Auditorium

12:30

14:00

Plenary

Session | Location: Palais du Pharo, Main Auditorium

14:00–14:30 Highlights ALICE

Speaker

Igor Altsybeev

Location

Palais du Pharo, Main Auditorium

14:30–15:00 Heavy Ions: Theory

Speaker

Urs Wiedemann

Location

Palais du Pharo, Main Auditorium

15:00–15:30 Heavy Ions: Experiments

Speaker

Francesco Prino

Location

Palais du Pharo, Main Auditorium

15:30–16:00 Artificial Intelligence for HEP

Speaker

Kyle Cranmer

Location

Palais du Pharo, Main Auditorium

16:00

16:30

Plenary

Session | Location: Palais du Pharo, Main Auditorium

16:30–17:00 Searches for New Physics at the LHC

Speaker
Tamara Vazquez Schröder

Location
Palais du Pharo, Main Auditorium

17:00–17:30 Gravitational Waves

Speaker
Antoine Petiteau

Location
Palais du Pharo, Main Auditorium

17:30–18:00 Conference summary

Speaker
Andreas Hoecker

Location
Palais du Pharo, Main Auditorium

18:00
