

IRN Terascale @ IP2I Lyon

13-15 November 2024

Famous last words...

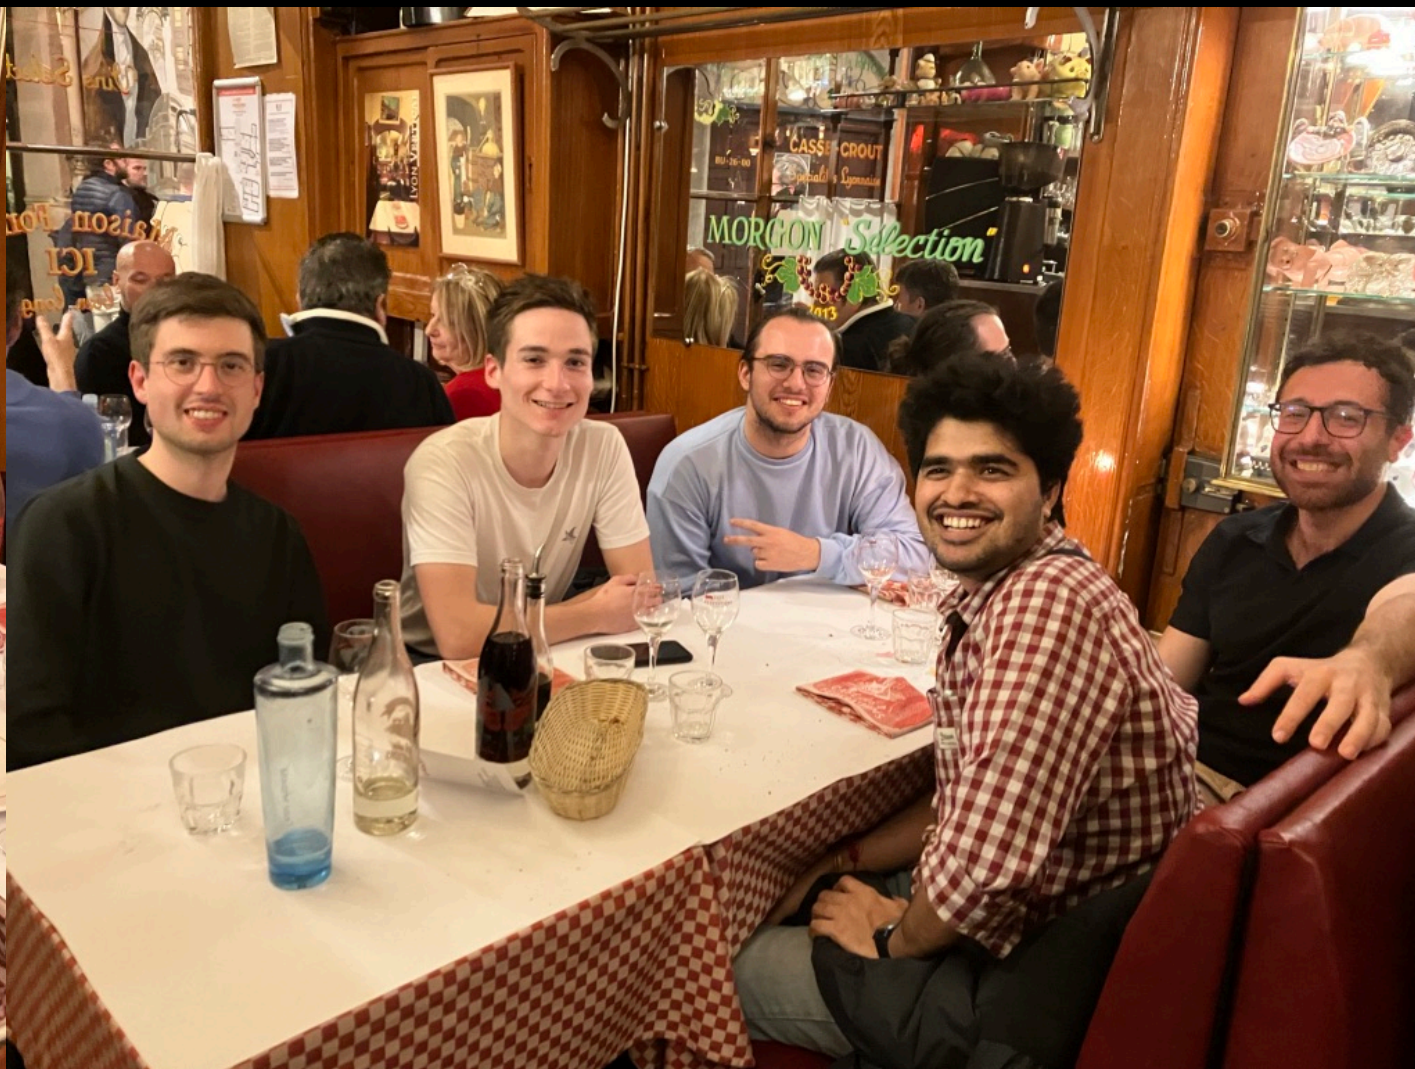

This meeting

- 76 people + around 15 connected on Wednesday

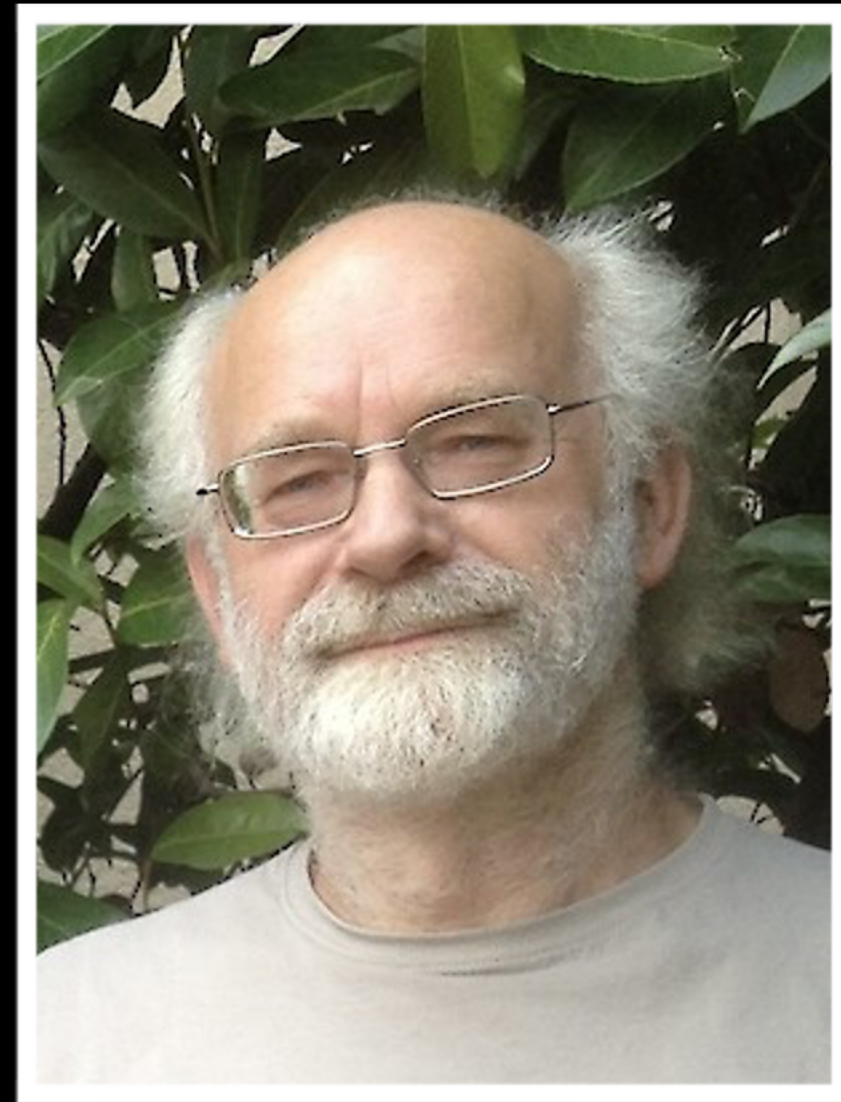

With a lovely evening in Lyon!

This meeting

- We took some time to remember dear colleagues

- And to discuss about the future...

ESPPU ... what next?

- Lively discussions at the special session on Wednesday
 - No need for a special pizza delivery in the end, but still ended at 20.30
 - Thanks to all who participated!
 - We have concluded the targeted GT1 (SM+BSM) meetings, but:
 - The contribution site* is still open until next Monday: <https://esppu.in2p3.fr/>
 - All submitted contributions will of course be considered
 - Ana, Fabrice and I will write a summary draft (2 pages!)
 - Will be circulated before the GTS meeting (see below)
- There are still some ESPPU related meetings to come:
 - GTS (scenario) meeting on December 18th: <https://indico.in2p3.fr/event/34334/>
 - Open symposium on Jan 20th- 21st in Paris (Jussieu) - (500-seat auditorium)

* to see all contributions, connect with : esppu / contributionsESPPU@2024

Next Terascale meeting

- The meetings of 2025 will be announced on the mailing list once they are confirmed
- If not done already, subscribe to our mailing list!
 - <http://listserv.in2p3.fr/archives/terascale-l.html>

Farewell!

- Many thanks to all the speakers, the conveners,
 - and obviously to the LOC for all their work!
 - Florian, Nazila, Nicolas and Suzanne
- Have a nice trip back and see you at the next workshop
- Please leave the plastic casing of your badge in the box outside the auditorium when you leave so that they can be reused
