

## Prospective Machine Learning Techniques for Electromagnetic objects reconstruction in the ATLAS detector, Nihal Brahimi

[59:30.440 -> 59:32.440] selected by the neural networks [59:32.440 -> 59:34.440] for the moment [59:34.440 -> 59:36.440] we inherit the model [59:46.440 -> 59:48.440] I propose that we continue discussing our lunch [59:48.440 -> 59:50.440] thank you all for the questions and comments [59:52.440 -> 59:54.440] thank you for the presentation [59:56.440 -> 59:58.440] next meeting will be in a month, probably on the 25th of July

[...]

[1:00:34.440 -> 1:00:36.440] there might be something else we don't think we will discuss for an hour [1:00:40.440 -> 1:00:42.440] the summary of this meeting, so yeah, you know by email [1:00:50.440 -> 1:00:52.440] someone comes and shows us the way
