

Programme des sessions

15-17 juin 2026

International Conference on 3D dosimetry (IC3DDose) 2026

3D (and 4D) dosimetry – basics and new developments

Caen

lun. 15 juin

15:40

3D (and 4D) dosimetry – basics and new developments

Session | Site: Caen | Responsables de session: Louis Archambault, Jean-Marc FONTBONNE

15:40 – 16:10 **Uncertainty-Aware Deep Learning Reconstruction for 3D Scintillation Dosimetry**

Orateur

Alexis Horik

16:10 – 16:40 **Measuring Small Collimated Proton Fields with a Volumetric Scintillation Detector**

Orateur

Daniel Robertson

16:40
