

WG1: Quantum gravity and its phenomenology - theoretical perspectives from high energy

Monday 7 July 2025 13:50 (50 minutes)

We will give a brief overview of current approaches to quantum gravity and its phenomenology, with an emphasis on some of the core topics of the working group WG1 “High Energy Quantum Gravity”.

Working Group

WG1 - High Energy QG Theory

Authors: Dr PLATANIA, Alessia; PFEIFER, Christian (ZARM, University of Bremen)

Presenters: Dr PLATANIA, Alessia; PFEIFER, Christian (ZARM, University of Bremen)

Session Classification: Working Group Introductions 1
