

# SPB Meeting 27/02/2025

## News

### Outreach:

- Clementine Laurens
- [Epsilon](#) (French magazine founded 2021)
- Questions about “Neutrino Fog/Floor”
- Exchange with Dirk Zerwas, Julien Masbou and Marco Cirelli
- Short article planned

### CNRS visit to FZJuelich:

- invited to accompany Christelle Roy (head of IN2P3)
- organized by Alain Schuhl (DGDS) and the CNRS department heads
- a few interesting points:
  - neurochip computing for SHiP
  - quantum and HP computing for ET
  - infrastructure a la PunchNFDI
- Follow up and benefit for DMLab and IN2P3 not clear

### DMInfraNet:

- Discussions about a infrastructure networking input to the ESPPU
- good feedback from Italy, Austria and Spain
- discussion foreseen next week

# SPB Meeting 27/02/2025

## SPB Matters

### Follow up on SC discussions

- Travel to France from KIT, GSI and DESY
  - CNRS program with MPI, could be extended to Helmholtz (theoretically)
  - Is there interest?
  - Which level?

### ML Helmholtz AI conference at KIT:

- [Helmholtz AICU](#)
- Abstract submission open Feb 17 to March 17
- French-German session

### Projects:

- High Precision for Dark Matter: initiated by Johannes Bluemlein and Fawzi Boudjema. Project retired.
- ET (Patrice and KIT): discussions ongoing, postponed for the moment
- Grand: LPNHE + KIT (presentation by Olivier Martineau)

# DMLab Annual Meeting

## Proposal: Bonn

### Basics:

- Place : *Bethe Center for Theoretical Physics* on the campus of Bonn University (IRN Terascale meeting)
- By Train:
  - Paris to Cologne (Eurostar) 3h30, then take a local train
  - BCTP is in walking distance from the railway station
- By Plane: Cologne Airport or Duesseldorf Airport (or Francfort)
- Hotels: walking distance to the campus

### Layout A:

- Day 1: travel
- Day 2: full day (start at 09:30h or so?)
- Day 3: half day

### Layout A:

- Day 1: half day (afternoon)
- Day 2: full day (start at 09:30h or so?)
- Day 3: travel

### Dates (Bethe available):

- October 16 or later

# ***SPB Meeting 27/02/2025***

## **Third party funds**

### **Procope24+: (for the fun)**

- Approved in May 2024
- Money available since I do not know, but it will come.....

### **DFH-UFA:**

- will try to get support for the annual meeting (not guaranteed)

# *The Usual Reminder*

## Publications

### **DMLab support played a significant role:**

- consider an additional among the different possibilities: [Publication Addresses](#)

### **DMLab support played a role:**

- consider DMLab for mention in the acknowledgement section

### [inspirehep.net](#):

- picks up the canonical addresses automatically
