

VNiVERSIDAD
D SALAMANCA

The secret of Viking orientation

María José Jorge Campos

DOUBLE DEGREE IN PHYSICS AND MATHEMATICS. UNIVERSITY OF SALAMANCA.

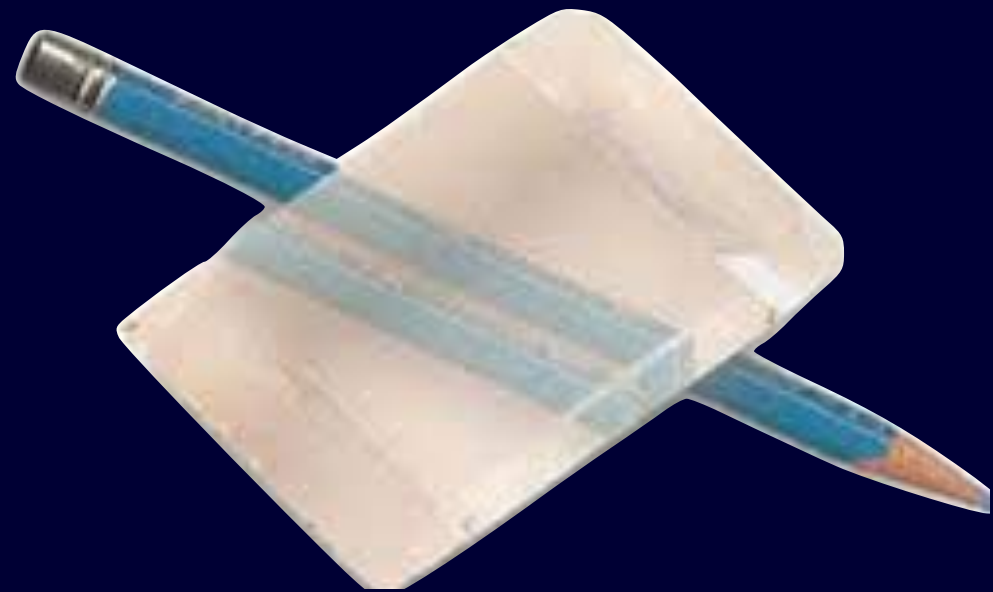

Vikings

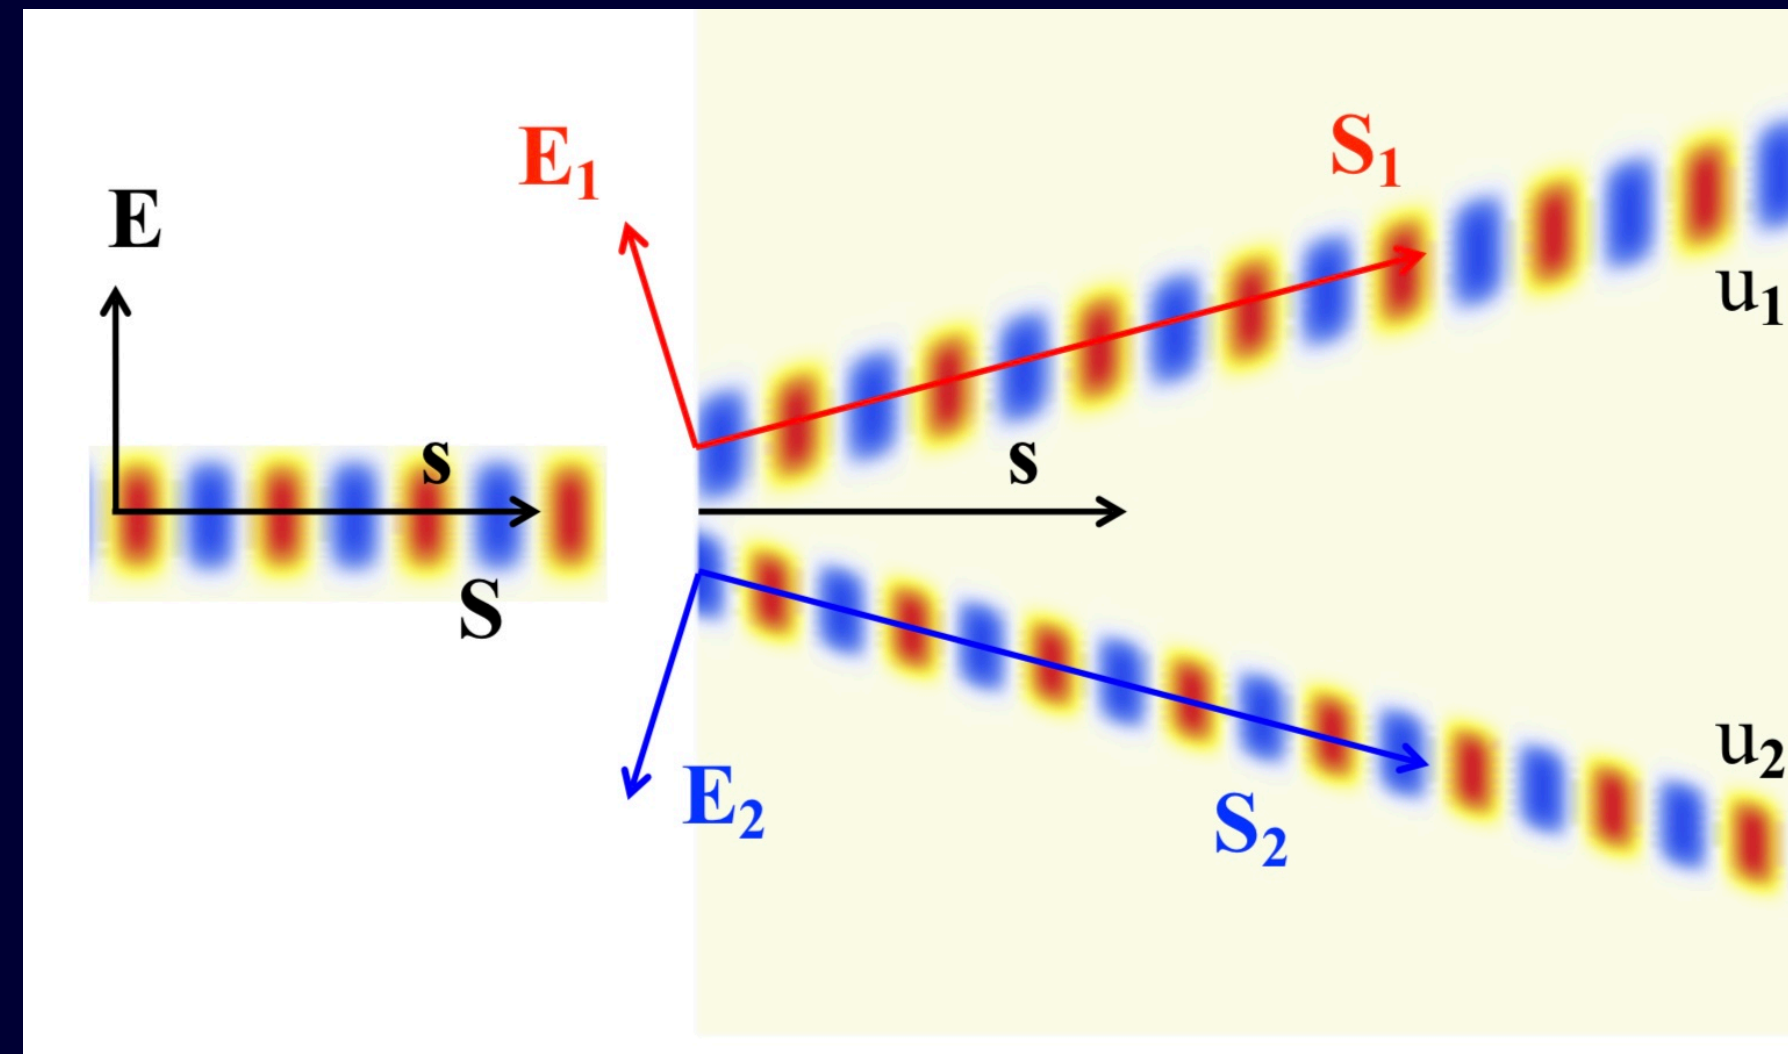

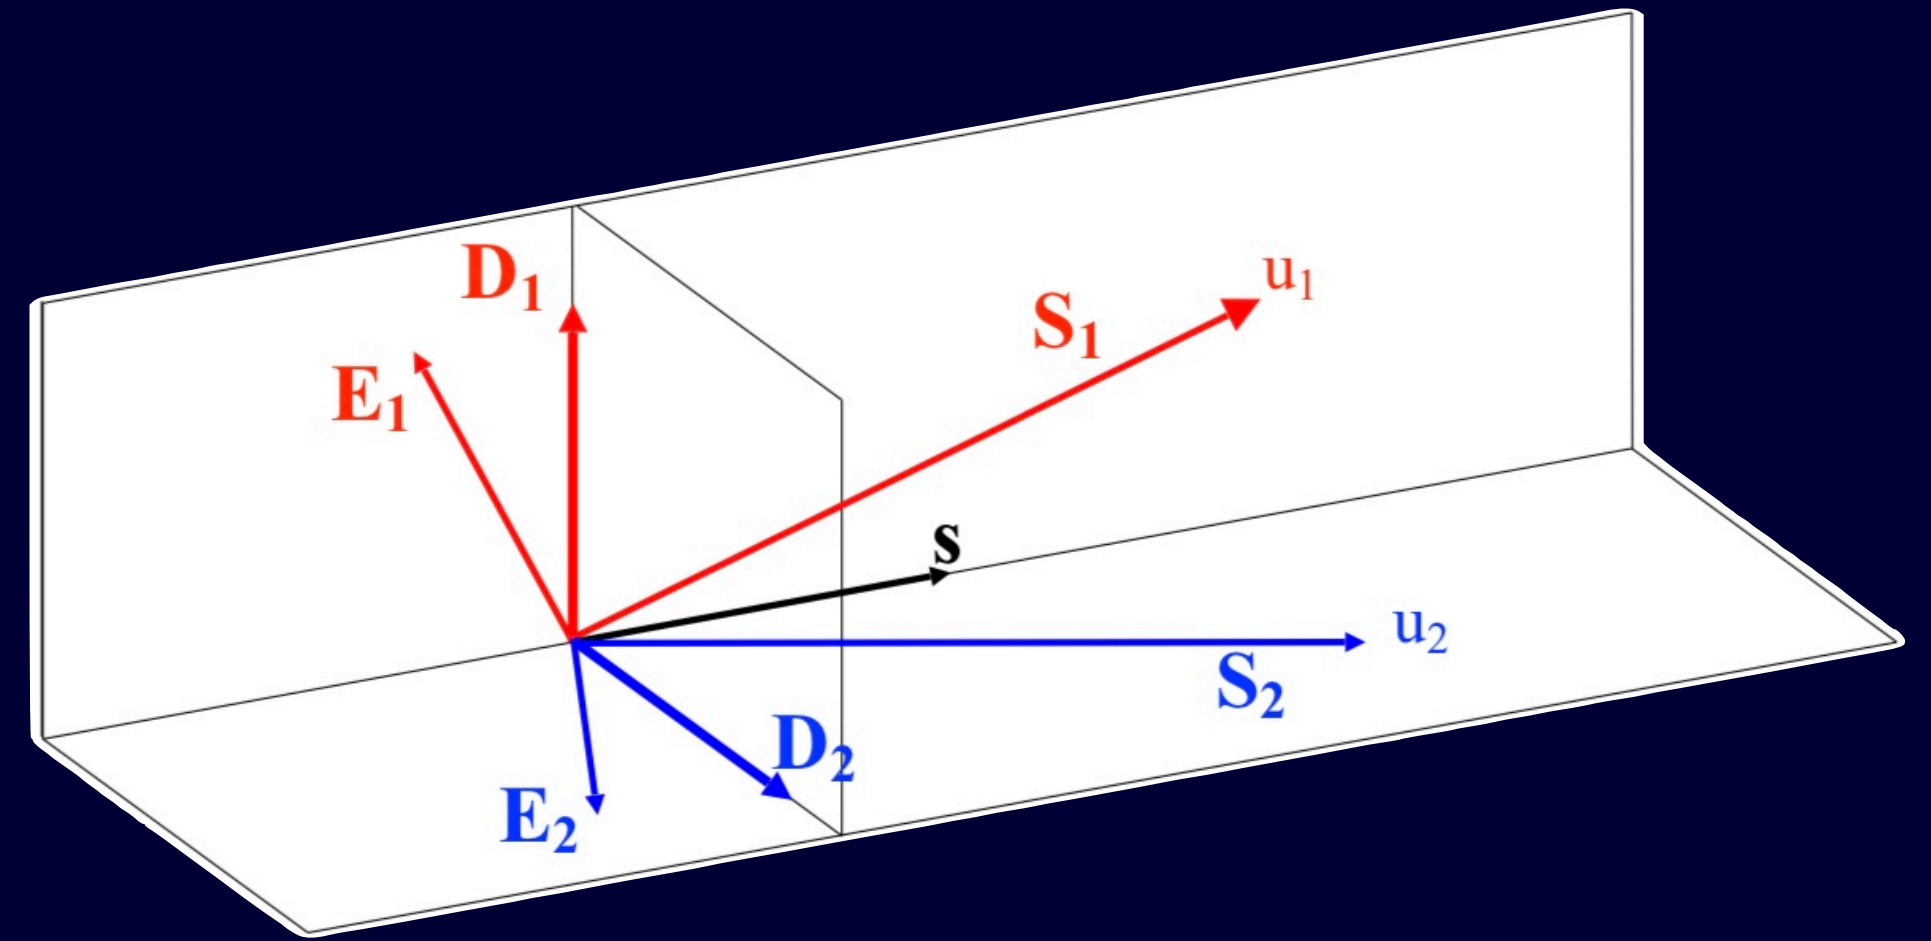

Birefringence

$$\mathbf{D}_1 \cdot \mathbf{D}_2 (u_1^2 - u_2^2) = 0$$

$$u_1^2 \neq u_2^2 \Rightarrow \mathbf{D}_1 \cdot \mathbf{D}_2 = 0$$

Conclusions

- Birefringence of calcite.
- The importance of physics for the development of the civilisations.
- The application of physics laws to the real life.
