Monday Morning : Flavour

Session | Site: La Thuile, Italy | Convener: Monica Pepe Altarelli

08:30 – 08:35 **Welcome**

Orateur

Etienne Augé

08:35 – 08:50 **Flavour Changing Neutral Current decays at LHCb**

Orateur

Carla Marin Benito

08:55 – 09:10 **Dark sector and rare decays search at BESIII**

Orateur

Shaojie Wang

09:15 – 09:30 **Flavor Patterns from Quantum Entanglement?**

Orateur

Sokratis Trifinopoulos

09:35 – 09:50 **Flavour Changing Charged Current decays at LHCb**

Orateur

Lars Eklund

09:55 – 10:10 **Recent B physics results from the BABAR experiment**

Orateur

Steven Robertson

10:45 – 11:00 **Controlling hadronic MEs in rare b-decays**

Orateur

Meril Reboud

11:05 – 11:20 **Measurements of semileptonic and leptonic B decay at Belle II**

Orateur

Tommy Martinov

11:25 – 11:40 **Recent results of (semi)leptonic decays of charm hadrons at BESIII**

Orateur

Xiang Pan

11:45 – 12:00 **Precision lattice for B and D decays**

Orateur

Andreas Juettner

12:05
