

**Session Program**

23–30 mars 2025

**59th Rencontres de Moriond - EW+U 2024**

***Saturday Morning : Standard Model***

La Thuile, Italy

## sam. 29 mars

08:30

**Saturday Morning : Standard Model**

Session | Site: La Thuile, Italy | Convener: Roberto Salerno

08:30 – 08:45

**CMS wildcard: Combined measurements and interpretations of Higgs production and decay at 13 TeV with CMS****Orateur**

Aliya Nigamova

08:50 – 09:05

**Charming Higgs****Orateur**

Mauro Valli

09:10 – 09:25

**DiHiggs searches (HH, XH)****Orateur**

Angela Taliervo

09:30 – 09:45

**Electroweak hierarchy from conformal and custodial symmetry****Orateur**

Andreas Trautner

09:50 – 10:05

**Run 3 standard model cross section measurements****Orateur**

Carlos Vico Villalba

10:40 – 10:55

**Diboson measurements****Orateur**

Rongkun Wang

11:00 – 11:15

**ATLAS wildcard: Evidence for longitudinal polarized WWjj-EW scattering with ATLAS****Orateur**

Max Stange

11:20 – 11:35

**CMS wildcard: New results in multiboson production from CMS****Orateur**

Giacomo Boldrini

11:40 – 11:55

**Triboson and VBS results****Orateur**

Daniel Camarero Munoz

12:00
