<https://indico.in2p3.fr/event/37391/>
- Day 1 programme
 - Morning: general news, and design status
 - Lunch: free choice, many options nearby
 - Afternoon: analyses and OBSW
 - Dinner at the “Dame de Canton”

Dame de Canton Restaurant

- At 19:30
- A short walk from here
- Built in the late 1970s in Canton, based on plans of the XVIIth century
- After 1.5 world tours it reached Paris in 1995

Practical Information

- Day 2:
 - Phase B/C/D Organization splinter meeting 9-10. In the main room: Karine, Frédéric, Stéphane, Bortolino (zoom), Chris (zoom)
 - For the other participants, you can arrive at 10, or organize your own splinter if needed (tell me, so we book a room if possible)
 - Management
 - Conclusions

Yellow book IRT section preparation

- The text can be accessed here

https://docs.google.com/document/d/1Q-k70rr2ZJm12-qHDp0Q074_2VSDAXNPlcibnNoTTEo/edit?tab=t.0

- It is currently organised in different sections

1. Introduction
2. General description
3. Interfaces and resources
4. Operations
5. Heritage and key technologies
6. Expected Performance
7. Telescope

Proposed plan for the Yellow book

- We should have a complete draft for November 15th
 - The number of pages should stay the same (~6 pages)
 - The telescope part shall be included in the general description
 - All the figures shall be updated (G. Corti, D. Lattab, L. Oggioni)
1. Introduction -> DG
 2. General description (incl. telescope) -> DG, F. Pinsard, B. Saggin, L. Oggioni, G. Corti
 3. Interfaces and resources -> A. Meuris, E. Doumayrou, L. Terenzi
 4. Operations -> DG
 5. Heritage and key technologies -> F. Pinsard, B. Saggin
 6. Expected Performance -> H. Triou, DG
