

Programme des sessions

4–6 févr. 2026

**BridgeQG Workshop - Bridging High-Energy Astrophysical
Modelling and Lorentz Invariance Violation Studies**

Disentangling LIV timelag from astrophysical effects

LAPP, Auditorium

ven. 6 février

09:00

Disentangling LIV timelag from astrophysical effects

Session | Site: LAPP, Auditorium

09:00 – 09:15

Distinguish timelags due to LIV effects from timelags induced by intrinsic effects

Orateur

HELENE SOL

09:15 – 09:45

Tackling distinction between LIV timelag and intrinsic effects with minimalistic methods

Orateur

Dr Sami Caroff

10:00
