---

Welcome

# MEETING DO-FRANCE

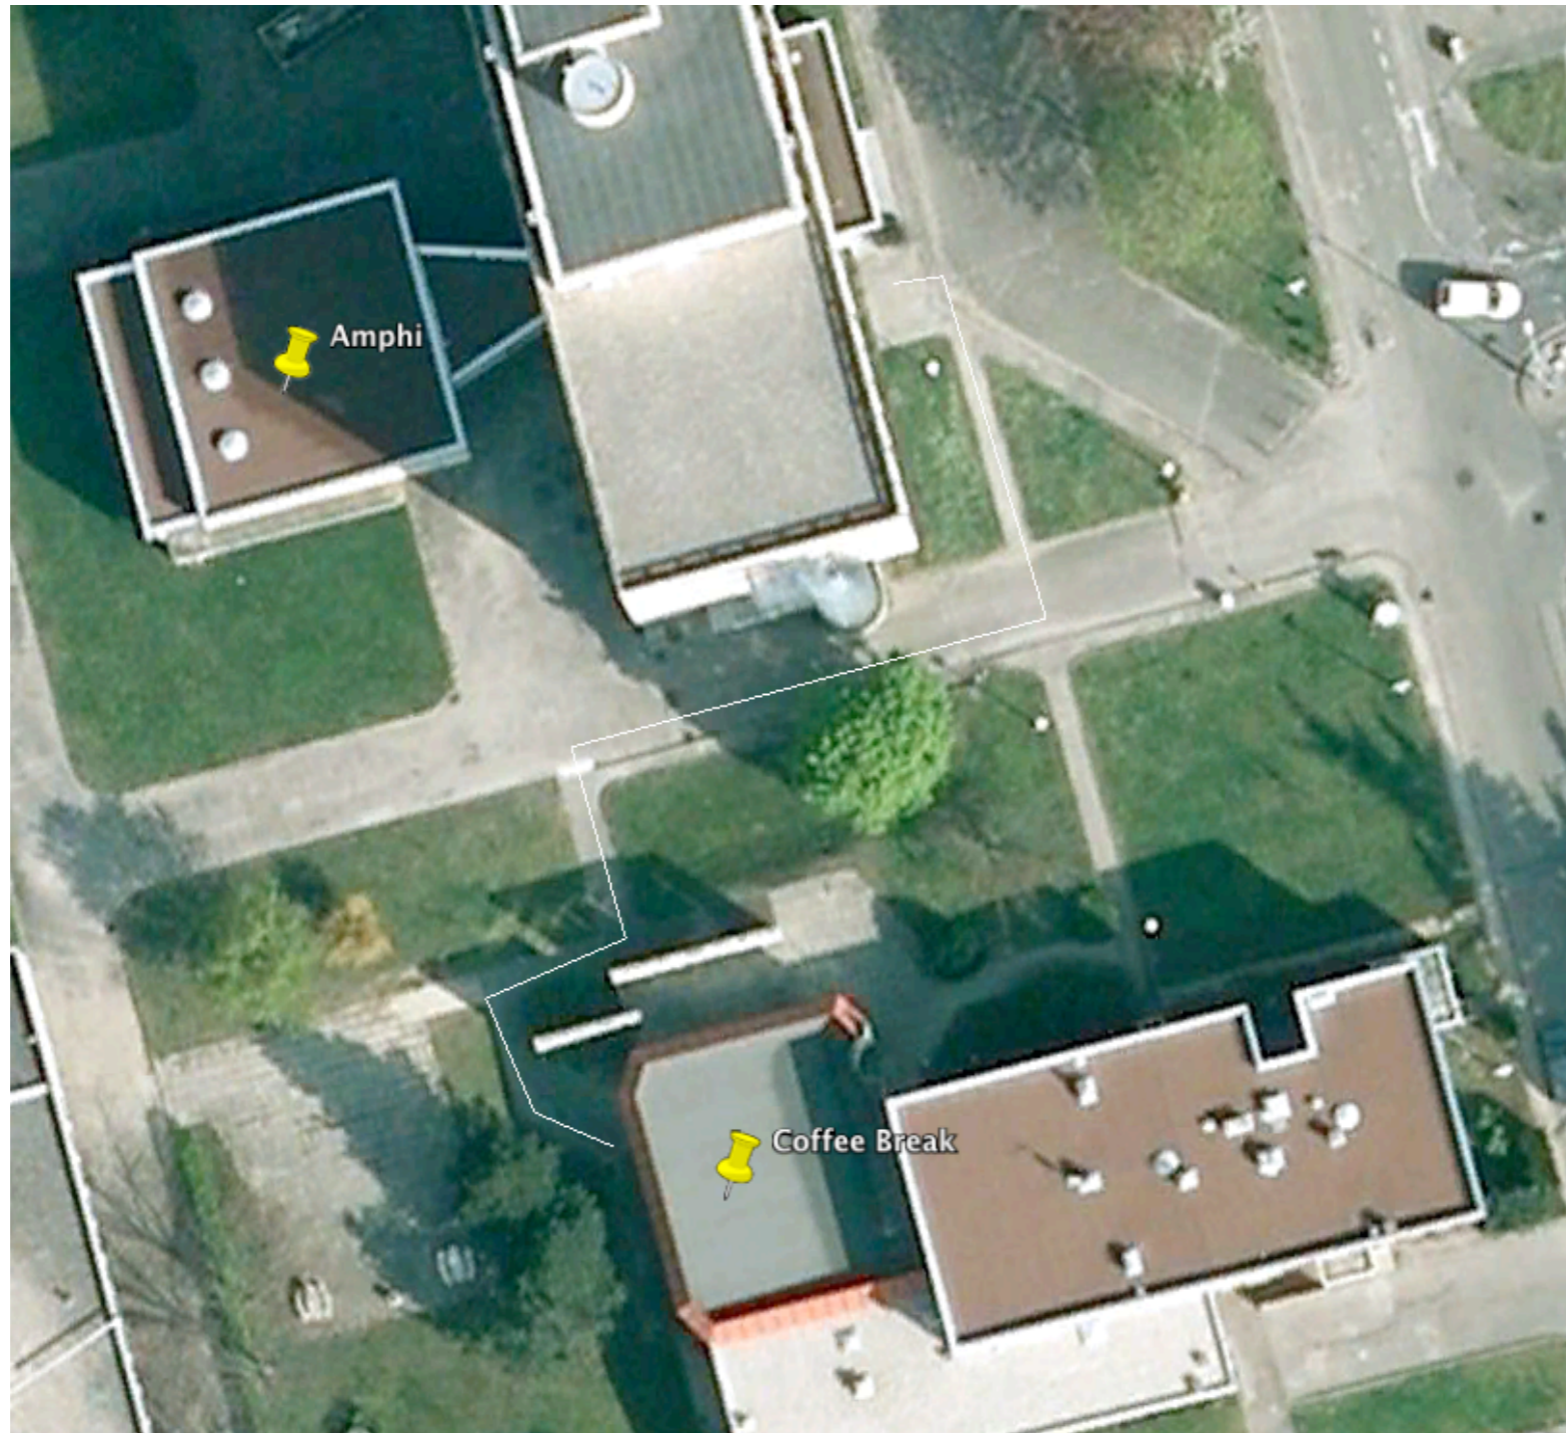

IPN Lyon  
3-4 mai 2010

# Agenda and Goal

- Ursula Bassler and Etienne Auge will attend to our meeting after 4PM, so :
  - Mainly, all status talks on Higgs searches will be given in the Higgs II session
  - Then we will have general presentations on our activities and discussion about perspectives for 2011 and beyond.
  
- Chair persons, please take care about the timing
  - presenters, please take into account in your talk to have 5mn for questions and comments.
  
- Today
  - Higgs (due to large number of talks, one talk by Florian is placed during the top session)
  - D0-France activities and perspectives (with Ursula and Etienne)
  
- Tomorrow
  - Top
  - Computing
  - W mass
  - NP
  
- Algorithms have been included to physics sessions
