

Pregramme des sessions

21–25 sept. 2026

Colloque GANIL 2026

Astrophysics

mar. 22 septembre

17:20

Astrophysics

Session | Responsable de session: Olivier Sorlin

17:20 – 17:45 **Invited talk****Orateur**

Fairouz HAMMACHE

17:45 – 18:10 **Invited talk****Orateur**

Stephane Goriely

18:10 – 18:30 **Core deformation in weakly-bound exotic nuclei and the transfer to the continuum of ^{17}C** **Orateur**

JOSE ANTONIO LAY VALERA

18:30 – 18:50 **^{12}Be structure study via resonant elastic scattering with ACTAR TPC****Orateur**

Lou Dénis

18:50 – 19:10

Universal Few-Body Correlations in Four-Particle Halo Structures: Application to Carbon-22**Orateur**

Dr Rafael Francisco

19:10
