

## Programme des sessions

11-13 mars 2026

**Rencontres de Physique des Particules 2026**

***QFT***

# jeu. 12 mars

16:00

**QFT**  
 Session | Site: Montpellier

16:00 - 16:40 **Review talk: Scattering amplitudes**

**Orateur**  
 Stefano De Angelis

16:40 - 17:00 **How Parisi-Sourlas supersymmetry constrains the scalar sector**

**Orateur**  
 Stam Nicolis

17:00 - 17:20 **Chiral Dynamics: Do Symmetries Have to Break?**

**Orateur**  
 Shahram Vahani

17:20 - 17:40 **The 3-loop hadronic vacuum polarization in chiral perturbation theory**

**Orateur**  
 Mattias sebastian SJO

17:40 - 18:00 **Contributed talk**

18:00
