

- Detector concepts groups have been created and the de-facto leaders have been appointed:
 - **IDEA** (P. Giacomelli)
 - **CLD** (J. Zhang)
 - **ALLEGRO** (M. Aleksa)
 - **ILD** (T. Behnke)

Milestones

For already existing concepts:

- Full simulation model by the end of 2026.
- Physics performance studies by the end of 2027.
- Detector installation scenario and input to the costing task force by mid 2028
