

IRN Terascale @ IJCLab Orsay

20-22 april 2026

Auditorium P. Lehmann
Building 200

The workshop this week

- **The workshop this week:**
 - Usual 4 sessions (Beyond the Standard Model, Higgs and Electroweak, Methods and Tools, Dark Universe)
 - The Methods and Tools group has an additional convener since the last workshop, with Emanuele Re joining the team!
- **We also feature an Early Career Scientist award for the best talk (PhD and early postdocs)!**
 - Pay attention, your vote will be requested at the end of the workshop, combined with a vote from our special jury (many thanks to Giacomo Cacciapaglia, Sabine Crépé-Renaudin, Lorenzo Feligioni and Jean Orloff)
- **If you are new to the Terascale**
 - Please subscribe to our mailing list to stay informed:
