

# FCC-ee @ LPNHE

## Introduction

Bogdan MALAESCU

LPNHE, CNRS

*FCC-ee @ LPNHE Meeting*

*21/05/2026*

# Various News and Points for Discussion

→ Possible future developments:

- Potential collaboration with LLR & LKB on precise timing distribution & 5d reconstruction (also ongoing effort on 5d reconstruction in ATLAS, where the LPNHE group is strongly involved)
- Question of quantum sensors: initiative on sensors @ SU; *discussions with colleagues @ LKB*

→ Meeting with LKB colleagues (22/05)

→ Did Grey Book registration from FCC Office: indicated BM & G. Calderini as coordinator/deputy

- *Need to register team members (registered as CERN users first)*

→ **FCC Week 2026** will take place in **Helsinki, Finland, from 8 to 12 June 2026**, at the University of Helsinki

→ Alain, Marco and Bogdan will participate

→ Ongoing discussions about having FCC France workshop: 25-27 Nov Marseille

→ Foreseen talk LGADs by Bianca

→ Looking for ideas to propose FCC-ee topics/speakers for seminars at LPNHE

Proposals (18/02): FCC EW / Higgs / BSM & LLP

→ Ongoing discussions about the FCC-France coordination role ( triggered by IN2P3 ? ): duration of mandates, change of the person in charge
