Top pair production

lundi 3 mars 2008 17:40 (15 minutes)

Review of the CDF and D0 recent results on top quark pair production cross section measurements, forward backward asymmetry in top quark pair production and searches for resonances decaying into top quark pairs.

Auteur principal: Dr BESANCON, Marc (CEA-Saclay/DSM/Irfu/SPP)

Orateur: Dr BESANCON, Marc (CEA-Saclay/DSM/Irfu/SPP)

Classification de Session: Searches, Top, B, Theory
