## Site and network commissioning

*vendredi 30 novembre 2007 16:30 (15 minutes)*

To improve usage of meeting time, a list of common concerns and issues from CMS commissioning and facilities is posted here. You are encouraged to address these during the site(s) presentations. Of course discussion at the meeting will need to stay limited and we can pick up things offline. A short list of issues specific to your T1 and T2's is also attached.

<li> Issues from Commissioning and Facilities common to all sites (ppt) </li> Issues from Commissioning and Facilities common to all sites (pdf))

**Orateurs:** BONACORSI, Daniele; BELFORTE, Stefano
