

30 years of strong interactions

Sol Cress, Spa, Belgium

6-8 April 2011

Three-day meeting in honour of J. Cugnon and H.-J. Pirner

This year's meeting is organised in honour of the retirements of H.-J. Pirner and of J. Cugnon. Two half days will be devoted to themes close to the investigations of J. Cugnon and H.-J. Pirner. The rest of the meeting will treat questions related to astroparticle physics, heavy flavours and QCD, with priority given to junior researchers.
