

30 years of strong interactions: a three-day meeting in honor of Joseph Cugnon and Hans-Jürgen Pirner

jeudi 7 avril 2011

In honour of Joseph Cugnon (15:00 - 15:50)

-Présidents de session: Claude Semay

| time | [id] title | presenter |
|-------|--|----------------------|
| 15:00 | [33] A Short Introduction to spallation reactions. Nuclear transport | Prof. CUGNON, Joseph |
| 15:15 | [2] The Liège Intra Nuclear Cascade, a versatile and long term developing tool for Intermediate Energy Reactions | Dr BOUDARD, Alain |

In honour of Joseph Cugnon (16:15 - 17:15)

-Présidents de session: Hans-Jürgen Pirner

| time | [id] title | presenter |
|-------|--|---------------------|
| 16:15 | [35] Extension of the Liège intranuclear cascade model at incident energies between 2 and 12 GeV. Aspects of pion production | Mlle PEDOUX, Sophie |
| 16:45 | [12] Perspectives and future for intranuclear-cascade and nuclear-de-excitation models | Dr MANCUSI, Davide |
