SP / Sparsity and sampling in signal processing I

Session | Location: Keynote session - Chair : Strohmer, T.

1:30 - 2:20 PM **Wavelets and Filter Banks on Graphs**

Speaker

Prof. P. Vandergheynst

2:20 - 2:45 PM **A novel sampling theorem on the sphere with implications for compressive sensing**

Speaker

Dr J. McEwen

2:45 - 3:10 PM **Robust Reconstruction Algorithms for Compressive Imaging**

Speaker

Dr R. Carrillo

3:10 PM
