MRI / Sparsity and sampling in magnetic resonance imaging II (10:40 - 12:20)

| time | [id] title | presenter |
|-------|--|------------------|
| 10:40 | [32] Adaptive Sampling Optimization for Magnetic Resonance Imaging by Bayesian Experimental Design | Prof. SEEGER, M. |
| 11:05 | [35] Spatial encoding in MRI with nonlinear fields | Dr GALLICHAN, D. |
| 11:30 | [36] Multi-dimensional radial self-navigation with non-linear reconstruction for free-breathing coronary MRI | M. BONANNO, G. |
| 11:55 | [37] The Application of Interferometry to Magnetic Resonance Imaging | Dr JOHNSON, K. |
