

# 2011 BASP Frontiers Workshop

## mercredi 7 septembre 2011

### MRI / Sparsity and sampling in magnetic resonance imaging I (08:30 - 10:10)

time	[id] title	presenter
08:30	[61] AutoCalibrating Parallel MRI, with or without calibration lines, using Eigen-Vector analysis and structured low-rank matrix completion	Prof. LUSTIG, M.
08:55	[31] Mend It, Don't End It - Improving GRAPPA using Simultaneous Sparsity	Prof. GOYAL, V.
09:20	[33] Improving sub-Nyquist MRI reconstruction performance	M. AELTERMAN, J.
09:45	[34] (no title)
