

2011 BASP Frontiers Workshop

mardi 6 septembre 2011

MRI / Magnetic resonance imaging of the brain II (10:40 - 12:20)

time	[id] title	presenter
10:40	[20] Brain dynamics and fractal behavior - about (fast) EEG microstates and (slow) fMRI resting-state networks	Prof. VAN DE VILLE, D.
11:05	[21] MR-Encephalography (MREG) - ultra-high temporal resolution functional MRI	Dr LEVAN, P.
11:30	[22] Structural neuroimaging - experience in the study of brain development	Dr BACH CUADRA, M.
11:55	[23] Motion Detection Using FID Navigators	Dr KOBER, T.
