

## **A Search For The Higgs Boson In The Channel H →Gamma Gamma With The CMS Detector**

*Friday, 22 July 2011 12:00 (15 minutes)*

We present results from a search for the SM Higgs Boson in the channel  $H \rightarrow \text{Gamma Gamma}$  with the CMS detector using data accumulated in the 2010 & 2011 running of the LHC at  $\sqrt{s} = 7 \text{ TeV}$
