

# Europhysics Conference on High-Energy Physics 2011

## samedi 23 juillet 2011

### JOINT ECFA-EPS SESSION - Dauphine (14:30 - 16:45)

time	[id] title	presenter
14:30	[1043] Welcome and introduction to the joint session	Prof. ZWIRNER, Fabio
14:40	[1044] Introduction to the European Strategy and its update	STAPNES, Steinar
14:55	[1045] Regional Flavour Factories followed by ECFA	NAKADA, Tatsuya
15:05	[1046] Recent developments on the INFN SuperB project	GIORGI, Marcello
15:15	[1053] Questions	
15:25	[1047] Particle theory: recent progress and medium-term prospects	ALTARELLI, Guido
15:45	[1054] Discussion on the talk	
16:05	[1048] High-energy accelerators: recent progress and future directions	MYERS, Steve
16:25	[1055] Discussion on the talk	

### JOINT ECFA-EPS SESSION - Dauphine (17:15 - 19:00)

time	[id] title	presenter
17:15	[1049] Experiments at the high energy frontier: achievements and future challenges	WELLS, Pippa
17:35	[1056] Discussion on the talk	
17:55	[1050] Neutrino physics: achievements and future challenges	WARK, David
18:15	[1051] ECFA neutrino report	HALZEN, Francis
18:30	[1057] Discussion on the talks	
18:40	[1052] General discussion and concluding remarks
