

Fall meeting of the GDR PH-QCD: nucleon and nucleus structure studies with a LHC fixed-target experiment and electron-ion colliders

mercredi 19 octobre 2011

Heavy-ion topics & Discussion - Amphitheater Irène Joliot-Curie (14:30 - 18:00)

time	[id] title	presenter
14:30	[2] nuclear PDFs	KOVARIK, Karol
15:00	[26] Saturation	ALBACETE, Javier
15:30	[4] Quenching of hadron and photon spectra in heavy-ion collisions from RHIC to LHC	ARLEO, François
16:00	Coffee break	
16:30	[28] Jet decoherence in QGP	MEHTAR-TANI, Yacine
16:50	[27] Discussion session
