Type of activities in LCG-France

Jobs Type executed in LCG-FRANCE

47 Weeks from Week 00 of 2011 to Week 48 of 2011

MCSimulation	1043967.4
user	464137.3
DataStripping	97401.3
DataReprocessing	59145.0
DataReconstruction	45648.2
Merge	40911.8
sam	29202.8
unknown	45.0

CPU time used in LCG-FRANCE

47 Weeks from Week 00 of 2011 to Week 48 of 2011

MCSimulation	453583.4
DataReprocessing	71175.4
DataReconstruction	51270.6
user	42317.7
DataStripping	22945.9
Merge	560.1
sam	274.4
unknown	0.0

- IN2P3 is one of our 6 T1 used in LHCb
- Usage :
 - Reconstruction
 - Reprocessing
 - Stripping
 - Analysis
- IN2P3-T2 is one of our 150 T2 used in LHCb
- Usage :
 - Monte Carlo
 - Reprocessing
- Since one month the difference between T1 and T2 for IN2P3 has evolved with the reshuffling of the queues available for LHCb.

LCG.IN2P3.fr : CE configuration

- We use 6 CREAM CE at IN2P3
- verylong for /lhcb/Role=pilot with 4 GB on each CE from Site T1 (**IN2P3-CC**):
 - * cccreamceli02.in2p3.fr
 - * cccreamceli05.in2p3.fr
 - * cccreamceli06.in2p3.fr
- verylong for /lhcb/Role=pilot with 5 GB on each CE from Site T2 (**IN2P3-CC-T2**)
 - * cccreamceli03.in2p3.fr
 - * cccreamceli07.in2p3.fr
 - * cccreamceli08.in2p3.fr
- queues medium and long were reopened for /lhcb/Role=pilot on all the Ces
- 5GB queue is historical and could be retired

Space Token	Total Size (TB)	Total Files
LHCb-disk	267.7	86707
<i>LHCb_FAILOVER</i>	0.1	25416
<i>LHCb_DST</i>	5.6	26780
<i>LHCb_M-DST</i>	12.6	23843
<i>LHCb_MC_DST</i>	65.8	14838
<i>LHCb_MC_M-DST</i>	43.3	9359

395.1 TB
(Pledge 1010 TB)

Space Token	Total Size (TB)	Total Files
LHCb-Tape	403.7	126372
<i>LHCb_RAW</i>	13.9	4712
<i>LHCb_RDST</i>	130.9	49516

548.5 TB

Space Token	Total Size (TB)	Total Files
LHCb_User	35.6	410367

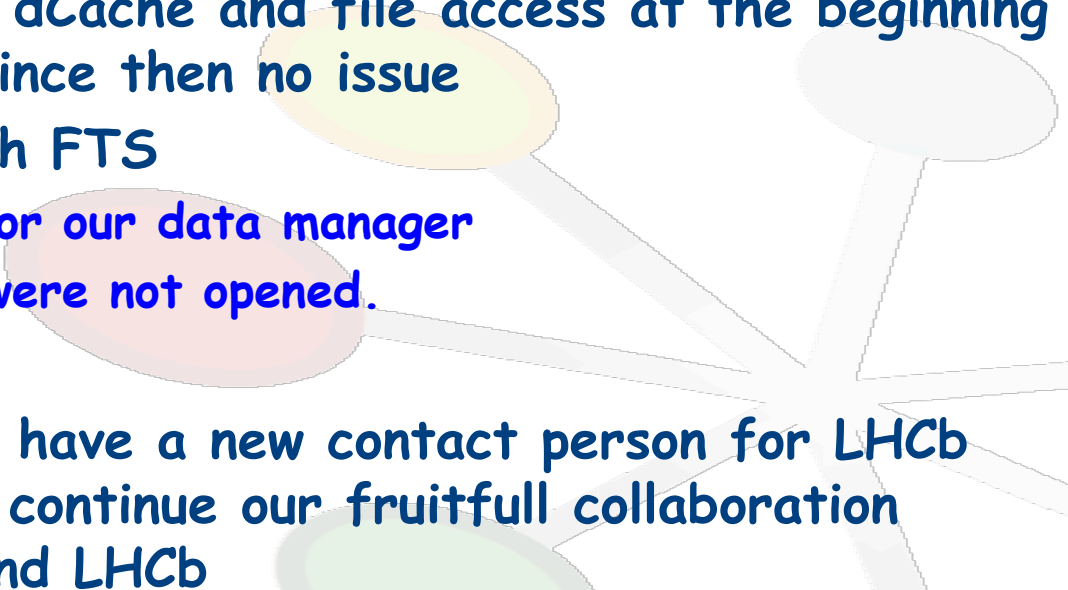

35.6 TB

there are also some files (about 100,000) outside the space tokens, and we should provide IN2P3 the exact list and the space token where each file should be placed

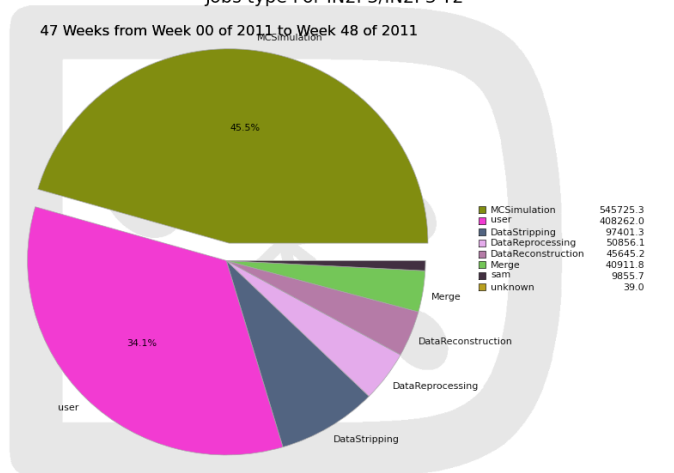

- **Shared area:**
 - lot of issue with the shared area. We have requested to all the T1 to move to CVMFS and since few weeks IN2P3 is using CVMFS. We had few WN badly configure at the beginning but now we did not notice any issue. We encourage the T2 to install CVMFS also.
- **Space token:**
 - We simplify the number of space token to have only three
 - We request a weekly dump to make our consistency check
- **Memory usage:**
 - We ask to increase the memory for LHCb job due a problem in our software. We have improve our software for the new releases.
- **3D streaming:**
 - In july problem of 3D stream replication due a ORACLE problem

- **Lost Data**
 - When we remove by mistake some files, IN2P3 manage to restore them.
 - Few problem with dCache and file access at the beginning of the year but since then no issue
 - Some problem with FTS
 - Change of DN for our data manager
 - Some channels were not opened.
 - Since 2 weeks we have a new contact person for LHCb which will help to continue our fruitfull collaboration between IN2P3 and LHCb
- 

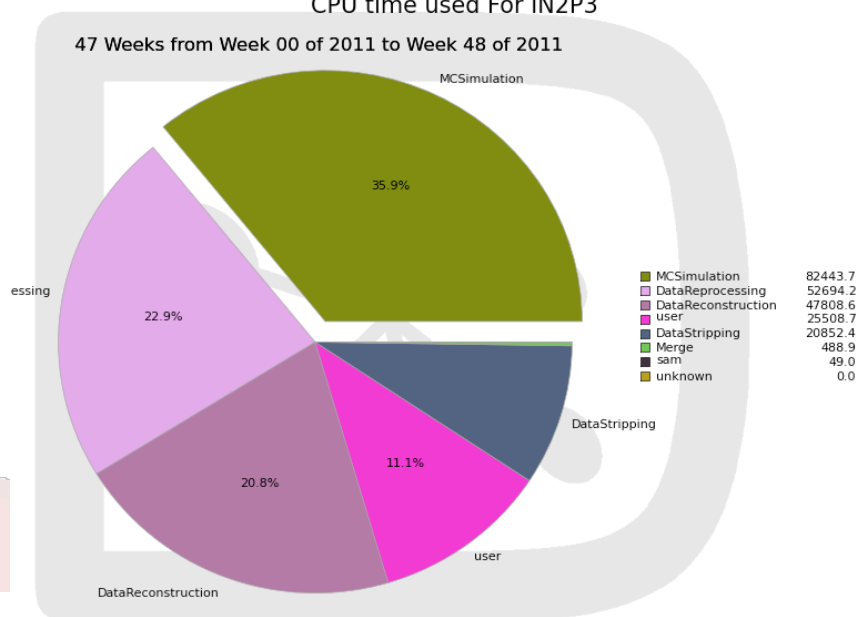

Jobs type For IN2P3/IN2P3-T2

Generated on 2011-11-28 09:25:47 UTC

CPU time used For IN2P3

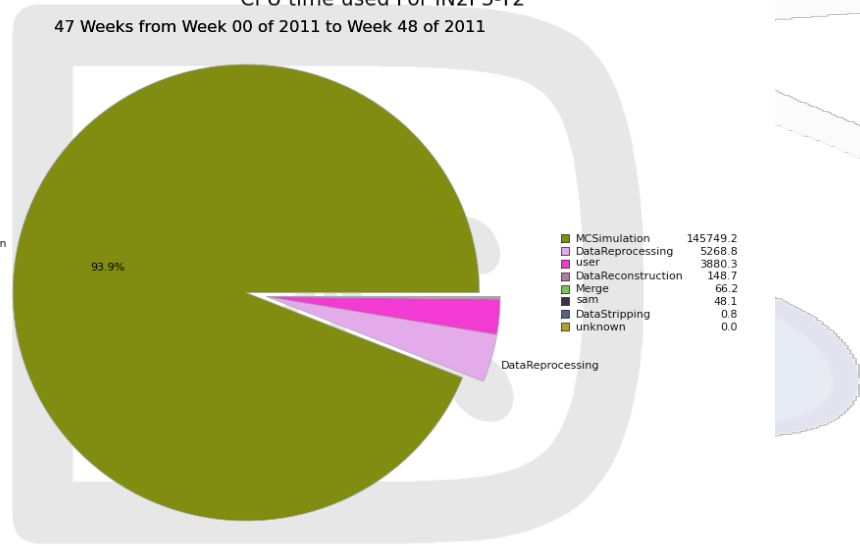

Generated on 2011-11-29 21:17:52 UTC

CPU time used For IN2P3/IN2P3-T2

Generated on 2011-11-29 21:16:46 UTC

CPU time used For IN2P3-I 2

Generated on 2011-11-29 21:16:02 UTC

Jobs type For AUVERGRID

47 Weeks from Week 00 of 2011 to Week 48 of 2011

CPU time used For AUVERGRID

47 Weeks from Week 00 of 2011 to Week 48 of 2011

Main issue is the shared area

Generated on 2011-11-29 21:19:03 UTC

Jobs type For LAL

47 Weeks from Week 00 of 2011 to Week 48 of 2011

CPU time used For LAL

47 Weeks from Week 00 of 2011 to Week 48 of 2011

Generated on 2011-11-28 09:30:08 UTC

Generated on 2011-11-29 21:20:22 UTC

We do not use the potential of this site for various reason but most of them are out of our control.

Jobs type For ANNECY

47 Weeks from Week 00 of 2011 to Week 48 of 2011

CPU time used For LAPP

47 Weeks from Week 00 of 2011 to Week 48 of 2011

Main issue is the shared area

Jobs type For Clermont

47 Weeks from Week 00 of 2011 to Week 48 of 2011

CPU time used For Clermont

47 Weeks from Week 00 of 2011 to Week 48 of 2011

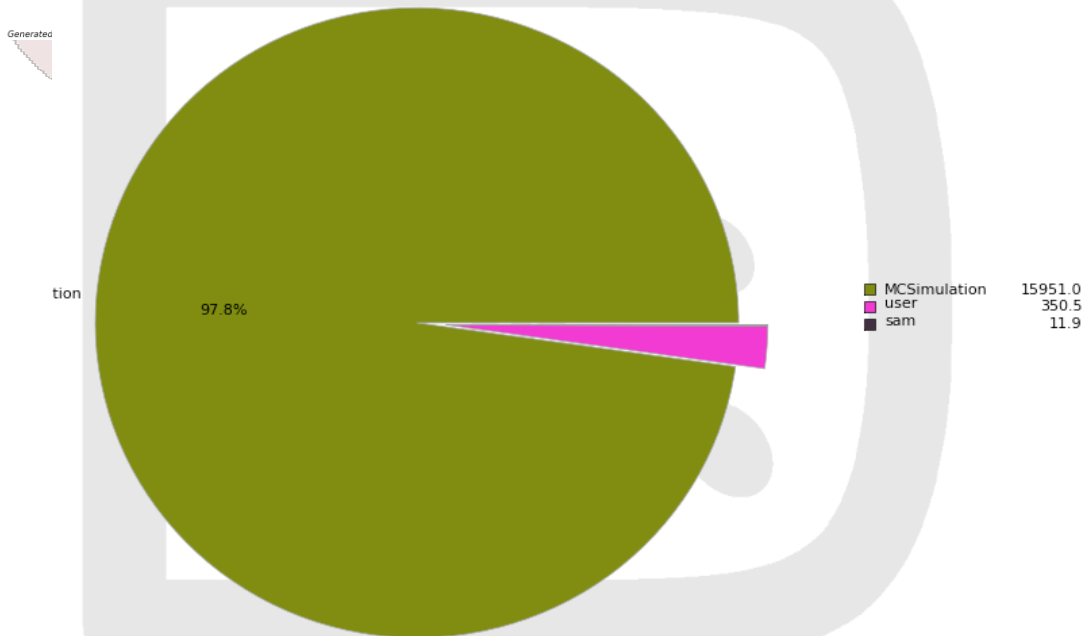

Jobs type For LPNHE

47 Weeks from Week 00 of 2011 to Week 48 of 2011

CPU time used For LPNHE

47 Weeks from Week 00 of 2011 to Week 48 of 2011

Jobs type For Marseille

47 Weeks from Week 00 of 2011 to Week 48 of 2011

CPU time used For Marseille

47 Weeks from Week 00 of 2011 to Week 48 of 2011

Jobs type For LPN

47 Weeks from Week 00 of 2011 to Week 48 of 2011

CPU time used For LPN

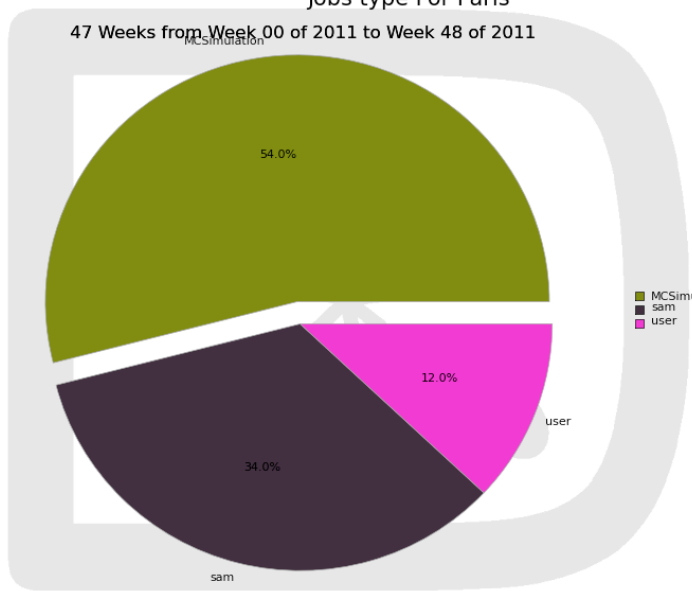

47 Weeks from Week 00 of 2011 to Week 48 of 2011

Jobs type For Paris

47 Weeks from Week 00 of 2011 to Week 48 of 2011

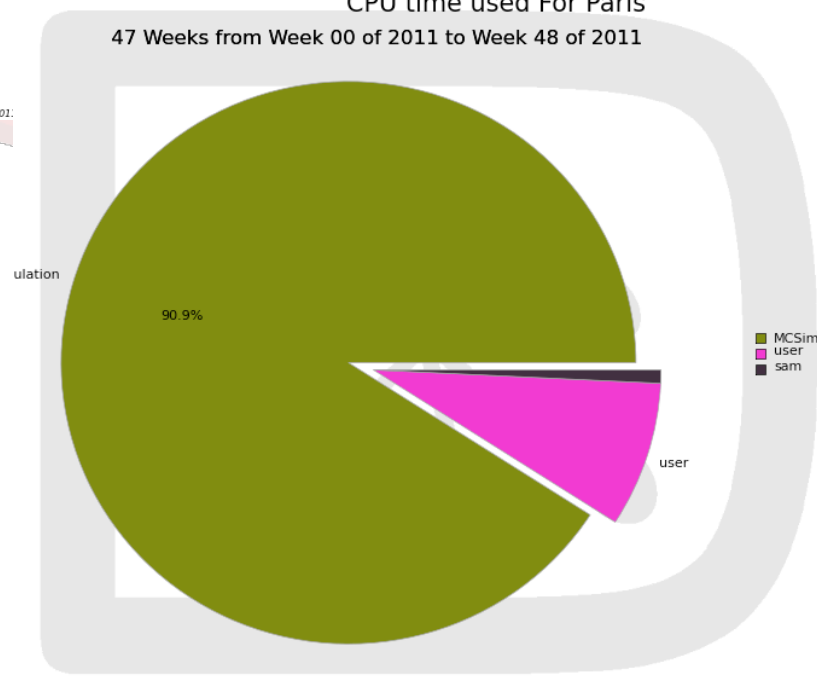

MCSimulation	368.4
sam	232.0
user	81.9

CPU time used For Paris

47 Weeks from Week 00 of 2011 to Week 48 of 2011
