

Joint workshop of the France Japan and France Korea Particle Physics Laboratories (TYL-FKPPL)

Monday, May 28, 2012 - Wednesday, May 30, 2012

Université Blaise Pascal

Scientific Program

The workshop program builds mainly upon the projects currently active within the two International Associated Laboratories. All will be presented in plenary session as short contributions.

On May 29th afternoon, a session will be dedicated to more general talks related to research infrastructures and scientific policies.
