

Shell Model as a Unified View of Nuclear Structure

mercredi 10 octobre 2012

Double-beta decay and other rare processes - Amphi Gruenwald (13:45 - 15:45)

time	[id] title	presenter
13:45	[25] Status of the results of double beta decay experiments	PERROT, Frédéric
14:25	[1] Recent advances in neutrinoless double beta decay with energy density functional methods	Dr RODRÍGUEZ, Tomás
15:05	[14] Neutrinoless double beta decay within the Interacting Shell Model	Dr MENÉNDEZ, Javier
