

# Nuclear physics for Galactic Cosmic Rays in the AMS-02 era

## lundi 3 décembre 2012

### Nuclear physics in the 50 MeV/n - 10 GeV/n range (15:15 - 18:05)

-Présidents de session: Fanny FARGET

time	[id] title	presenter
15:15	[6] Overview of the fragmentation mechanisms [25'+15']	Prof. BENLLIURE, Jose
15:55	[7] Review on existing data/databases and facilities [25'+15']	Dr GOLDENBAUM, Frank
16:35	Coffee break	
17:00	[9] Review on existing fragmentation codes [25'+15']	Dr BOUDARD, Alain
17:40	[10] Geant4 models for hadron production [15'+10']	Prof. IVANCHENKO, Vladimir
