

# BigBOSS Collaboration Meeting

## mercredi 10 octobre 2012

### Dark Energy Science (N. Busca and J. Guy) - Amphi Darboux (11:00 - 12:30)

time	[id] title	presenter
11:00	[56] Cosmological constraints from simulations of redshift space distortions	BAUGH, Carlton
11:20	[57] Determination of the abundance of cosmic matter via the cell count moments of the galaxy distribution	BEL, Julien
11:40	[58] Primordial non-Gaussianity with BigBOSS	HUTERER, Dragan
12:00	[59] Measuring $\sigma_8$ using the correlators of the galaxy density field	MARINONI, Christian
