

Scattering and annihilation electromagnetic processes

jeudi 21 février 2013

Crossed channels: pe elastic scattering (14:30 - 17:15)

time	[id] title	presenter
14:30	[26] Antiproton polarization	Dr LENISA, Paolo
15:15	[27] pe scattering applications	M. DBEYSSI, Alaa
15:45	Coffee break	
16:15	[28] Probing baryonic time-like electromagnetic transition form factors: results from the HADES experiments at GSI	
16:45	[29] Radiative corrections in ppbar in e+e-	Dr BYTEV, Vladimir
