

AtmoHEAD: Atmospheric Monitoring for High-Energy Astroparticle Detectors

lundi 10 juin 2013

Monday afternoon 2 - Galileo Room, Building 713C (16:15 - 18:00)

-Présidents de session: Fabian Schussler

time	[id] title	presenter
16:15	[15] Simulations of detector arrays and the impact of atmospheric parameters	Dr BERNLÖHR, Konrad
17:00	[17] Nitrogen fluorescence in air for observing extensive air showers	Dr KEILHAUER, Bianca
17:30	[6] Aerosol effect on multiple scattering for light propagation in the atmosphere	COLOMBI, Joshua
