## Groups

(2009 -2012)

Higgs & Supersymmetry

*Higgs*

Non-Susy Models

*Beyond the Standard Model*

Dark Matter

*Dark Universe*

Methods & Tools

*Methods & Tools*

## New group conveners

- Higgs: *Sandrine Laplace, Christophe Ochando, Pietro Slavich*
- BSM: *Marie-Hélène Genest, Stéphane Lavignac, Ana Teixeira, Patrice Verdier*
- Dark Universe: *Emmanuel Moulin, Pasquale Serpico*
- Tools: *Benjamin Fuks and Nikola Makovec*

*all sessions are full, despite the very, very short notice*

***THANKS to all of them!***

our physical world seems very standard  
both on earth and in the skies !

BUT exciting times are still ahead ...

our GDR is more timely than ever...

But remember, a GDR is not just  
'yet another conference'

Groups      ?  
                       *Working Groups*

We thank you all in advance for your  
active participation

and wish you a very nice stay in  
Montpellier
