

SRF 2013 - 16th International Conference on RF Superconductivity

vendredi 27 septembre 2013

FRIOB: New cavity Design: Accelerating structures I - Maison Internationale (09:15 - 10:15)

-Présidents de session: Yuan He

time	[id] title	presenter
09:15	[62] FRIOB01 - SRF Cavities for Future Ion Linacs	CONWAY, Zachary Alan
09:30	[63] FRIOB02 - Development and Performance of 325 MHz Single Spoke Resonators for Project X	RISTORI, Leonardo
09:45	[64] FRIOB03 - Development of 650 MHz cavities for the GeV Proton Accelerator in Project X	SOM, Sumit
10:00	[65] FRIOB04 - CERN Developments for 704 MHz Superconducting Cavities	CAPATINA, Ofelia
