

# SRF 2013 - 16th International Conference on RF Superconductivity

## jeudi 26 septembre 2013

### THIOC: Technical R&D - Overall performances II - Maison Internationale (10:45 - 11:45)

-Présidents de session: Wolf-Dietrich Moeller

time	[id] title	presenter
10:45	[50] THIOC01 - Low Beta Cavity Development for an ATLAS Intensity Upgrade	KELLY, Michael
11:00	[51] THIOC02 - High Power CW Tests of cERL Main-Linac Cryomodule	SAKAI, Hiroshi
11:15	[52] THIOC03 - Superconducting Photonic Band Gap Structures for High-Current Applications	SIMAKOV, Evgenya I.
11:30	[53] THIOC04 - Demonstration of RF Stabilities in STF 9-cell Cavities Aiming for the Near Quench Limit Operation	OMET, Mathieu
