

Cosmic rays & their interstellar medium environment CRISM-2014

mardi 24 juin 2014 - vendredi 27 juin 2014

Montpellier, France

Programme Scientifique

The conference will last from June 24th to June 27th. It will start on tuesday 24th at 9 am. Late registration will be possible at the conference desk from 8 am.

The programme includes 8 main topics: the following schedule is foreseen but may be subject to some modifications.

Tuesday 24th

Session 1: Cosmic Ray sources: a multi-wavelength view.

Session 2: Direct detection and the highest galactic energies.

Wednesday 25th

Session 3: Cosmic Ray sources: theory.

Session 4: Cosmic-rays induced instabilities.

Thursday 26th:

Session 5: Ionization of molecular clouds.

Session 6: Interstellar medium.

Conference dinner at 8 pm.

Friday 27th:

Session 7: The galactic center.

Session 8: Cosmic-rays propagation in the interstellar medium.
