

Cosmic rays & their interstellar medium environment CRISM-2014

mercredi 25 juin 2014

Cosmic ray sources: theory (09:00 - 10:15)

-Présidents de session: Ellen Zweibel

time	[id] title	presenter
09:00	[21] Origin of Cosmic Rays	Prof. DRURY, Luke
09:45	[22] High energy emission from massive star clusters	Prof. BYKOV, Andrei

Cosmic ray sources: theory (10:45 - 12:15)

-Présidents de session: Fabio Acero

time	[id] title	presenter
10:45	[80] Hydrodynamics of Young Supernova Remnants and the Implications for their Gamma-ray emission	Dr DWARKADAS, Vikram
11:15	[79] The impact of magnetic turbulence spectrum on particle acceleration in SNR IC443	Dr TELEZHINSKY, Igor
11:45	[81] Cosmic Rays in star forming galaxies	Dr MARTIN, Pierrick
