

AGATA Campaign at GANIL

AGATA Pre-PAC Workshop

GANIL, 11-12th February, 2014

Second Circular

Dear Colleagues,

this is the Second Circular of the **AGATA Pre-PAC Workshop** to discuss the proposals to be submitted to the GANIL PAC for the first **AGATA** campaign. The Workshop will take place in GANIL on **February 11-12th, 2014**.

The goal of the Workshop is to present and discuss the proposals that will be submitted to the GANIL PAC on **March 2014** using AGATA. These proposals may be based on the LoI presented in the previous AGATA@GANIL Workshop or on new ideas. It is important to note that **all proposals using AGATA will have to be discussed in this Workshop before being submitted to the PAC**. This is to ascertain feasibility and avoid overlaps between the proposals. It has been foreseen that the NWALL, SPIRAL1 and the VAMOS gas-filled mode will not be available for the 2015 AGATA beam time.

Everybody is welcome to send us the proposals before **January 25th 2014**. They are expected to include a detailed description of the experimental setup, [beam](#) (energy, intensity), target(s), and the justified request of beam-time. You are invited to use the attached file for this information.

To ensure feasibility, we warmly advise the spokespersons to estimate carefully the cross sections, based either on calculations or on previous experimental works, and to take advantage of the efforts of the [AGATA GEANT4 simulation group](#).

For the first AGATA campaign at least **32 capsules** are foreseen.

We remind you that for the complementary equipment the contact persons are:

- VAMOS: A. Lemasson
- EXOGAM2: G. de France
- MUST2 and Tiara: O. Sorlin and W. Catford
- PARIS: A. Maj
- OUPS Plunger: J. Ljungvall
- Cologne Plunger: Ch. Fransen

The Workshop will be held at the conference room of the GANIL guesthouse. **It will start on February 11th morning and will be concluded on the 12th of February with a collaboration dinner.**

All spokesperson will be invited to present the experimental proposals at the Workshop. These presentations will be of 10 minutes, with ample space for discussion.

REGISTRATION AND ACCOMMODATION

Participants are invited to register at the webpage:

<https://indico.in2p3.fr/conferenceDisplay.py?confId=9036>

The deadline for registration is February 3rd, 2014.

IMPORTANT DEADLINES

- **Proposals submission:** January 25th 2014

- **Registration:** February 3rd 2014.

WEB PAGE

Updated information on the Workshop can be found at the web page
