

Annual Meeting of the GDR PH-QCD

lundi 25 novembre 2013

Electromagnetic processes in scattering and annihilation reactions - Bât. 703 Salle 135 (14:00 - 15:45)

-Présidents de session: Hélène Fonvieille

time	[id] title	presenter
14:00	[5] Proton radius puzzle : global analysis of electron scattering data and new experiments from MAMI	DISTLER, Michael
14:45	[6] The MUSE experiment : adressing the proton radius puzzle via elastic muon scattering.	RON, Guy
15:15	[7] Simulations in Drell-Yan at small-medium energies	BIANCONI, Andrea

mardi 26 novembre 2013

Electromagnetic processes in scattering and annihilation reactions - Bât. 703 Salle 135 (16:15 - 17:45)

-Présidents de session: Egle Tomasi-Gustafsson

time	[id] title	presenter
16:15	[18] Update of the PANDA project	HENINNO, Thierry
16:45	[19] Study of electromagnetic channels at PANDA	RAMSTEIN, Béatrice
17:15	[30] Faisability studies of the $p\bar{p} \rightarrow e^+e^-$ reaction for the measurement of time-like electromagnetic proton form factors at PANDA	DBEYSSI, Alaa
