

Gamma-Ray Bursts in the Multi-messenger Era

lundi 16 juin 2014

GRB Science with future experiments - IGP : Salle des séminaires (16:35 - 17:35)

time	[id] title	presenter
16:35	[89] ISS-Lobster: A Future Observatory for the Multi-Messenger Era	Dr RACUSIN, Judith
16:55	[90] The Chinese-French SVOM mission for Gamma-Ray Burst studies	Dr CORDIER, Bertrand
17:15	[91] Ground Based Wide Angle Camera: an instrument for short-time- scale optical transients	Dr WEI, Jianyan

mardi 17 juin 2014

GRB Science with future experiments: GRB Science with future experiments - IGP : Salle des séminaires (16:15 - 17:35)

time	[id] title	presenter
16:15	[103] ATHENA and GRBs	Dr PIRO, Luigi
16:35	[104] The Large High Altitude Air Shower Observatory in the landscape of GRBs	Mme LHENRY-YVON, Isabelle
16:55	[105] GRBs and SKA	Dr GHIRLANDA, Giancarlo

mercredi 18 juin 2014

GRB Science with future experiments: GRB Science with future experiments - IPGP : Salle des séminaires (17:20 - 17:40)

time	[id]	title	presenter
17:20	[120]	GRBs with CTA	Prof. O'BRIEN, PAUL
