

# Troisième réunion du GDR Architecture et Dynamique Nucléaire (ADN)

## jeudi 10 avril 2014

**Nouvelles équipes 1 - Tour 22, Couloir 22-23, 4e étage, Salle de Conférence de l'IMPMC (14:40 - 16:20)**

time	[id] title	presenter
14:40	[17] Epigenetics and chromatin dynamics in gametes	M. GOVIN, Jerome
15:05	[41] Does nuclear aggregation affect organization of the nucleus ?	Dr MILLOT, Gael
15:30	[21] Unwinding dynamics of a helically wrapped polymer: a model for single biomolecules ?	M. WALTER, Jean-Charles
15:55	[26] Gene expression as a function of genome position, implications on growth rate and growth phase dependence of nucleoid organization.	Dr SCLAVI, Bianca
